Vision

Stronger infrastructure is the epitome of a stronger nation, and Srishti Precast focuses on developing it!

We at Srishti Precast endeavor to create sustainable growth in the precast industry through diversification and innovation.

Box Culverts

Precast Box Culverts are one of the most versatile and cost effective structural precast concrete products on the market today.

U Drains

Precast Concrete U Drains allow for speedier construction of channels with no wet cast concrete work.

We manufacture U-Drains of varying width and height.

Jersey Barriers

Srishti Precast develops highly sophisticated concrete Jersey Barriers with a tweaked design for optimal driver safety.

Slab Covers of Varying Sizes

The topmost quality of slab covers from Srishti Precast is highly adaptable durable, and can be used in road gullies of varying sizes.

Trench Covers

Srishti Precast delivers custom-made composite covers to fit your precast trenching systems.

Customized Precast

Producing highly custom precast concrete items is our specialty. There is really no limit to the variety of precast items we can make—all we need is a general idea from our customer.
